

A photograph of two men in an office setting. One man, wearing a light pink shirt, is leaning over a laptop on a desk. The other man, wearing a dark blue t-shirt and glasses, is holding a smartphone and looking at it. They are both smiling and appear to be in a collaborative discussion. The office has a large window in the background, a potted plant on the desk, and a door with notices in the background.

Sage 50c: get the power of desktop and connectivity of the cloud

For businesses that love Sage 50 but want the added benefits of cloud connectivity and integrated bank feeds, it's now possible with Sage 50c—the solution that seamlessly combines the power and productivity of a trusted desktop solution with Microsoft Office 365 integration.

Here's why you'll love Sage 50c

Sage 50c is designed for small businesses who prefer the familiarity, trust and productivity of desktop accounting software, but also want the benefits of the latest cloud technology, like direct bank feeds, secure document storage and mobile access.

Benefits

Robust and in-depth accounting solution

Run a business efficiently with a timesaving out-of-the-box solution for accounting, cash flow, inventory and more. Remain compliant even if the regulations change.

Real-time working from anywhere

Sage Drive gives you secure cloud data access, while automatic cloud backups give you peace of mind that your business is safe whatever happens.

Simple yet powerful Excel reporting

Sage Intelligence Reporting delivers a wide variety of in-depth Excel financial management reports with customisable templates.

A single source of contact information

Your records, contact details and recent transaction history, credit status and balance are all available in Sage Contact, reducing the need for your accountant to jump between Sage and Outlook.

Paperless working

Sage Capture enables clients to photograph their receipts, invoices and other paperwork to save to OneDrive and post to Sage 50c.

Already a Sage 50 user?

If you're used to working with Sage 50, the move to Sage 50c is easy. You'll enjoy the same familiar desktop software combined with the flexibility of cloud and mobile plus:

- Richer business insight through access to Sage Intelligence Reporting, our in-depth financial management reporting solution, plus a greater variety of tried and tested report templates
- More information at your fingertips thanks to integration with Microsoft Office. Sage Contact means your accountant can access your records direct from an inbound email. And any changes to contact details in Outlook are automatically synced in Sage 50c.
- Secure cloud services for backing up and storing documents without needing to invest in separate services (or IT support). Plus you'll be able to access data and documents from wherever you're working.

The screenshot shows a 'Product Invoice' window in Sage 50c. The 'Details' tab is active, showing customer information for Fred Briant at 4 Oakfield Drive, Melton Park, Milton Keynes, Bucks, MK4 2TG. The invoice type is 'Invoice', invoice number is 81, and the date is 29/06/2016. The table below lists the items:

Product Code*	Description	Quantity	Price £	Net £	VAT £	
BOOK001	A4 Ledger Book - 5 Column	1	5.00	7.84	29.20	6.69
FLSP001	Flip Chart - A1 Pad	3.00	5.00	15.68	47.04	8.03
LAM001	Laminator - A4	1.00	73.50	73.50	12.54
